Immense crowds of people were gathered along the route and outside of the new building and cheered the Emperor and the German reigning Princes on and the German reigning Princes on their way there and upon their arrival. Prince Hohenlohe, the Chancellor, and Field Marsonal Hlumenthal, Chief of the General Staff of the Prussian Army, is about eighty-four years old, were ac-corded an especially warm welcome from the people.

The new Reichetag building, a monumental structure, has taken over ten years to build.

On June 9, 1884, the foundation was laid by Emperor William in the presence of nearly all the German Princes and rulers.

Since that time the chief architect, Paul Wallet, and scores of assistants, sculptors, painters, carvers and artisans from every part of Germany have been busy on the structure, and now it is being dedicated to its proper use. Yet it is not by any means camplete and finished in all its details. Among the more noteworthy objects it still lacks are the great Bismarck statue, to be placed in the west frontage; the two gigantic heralds, to be placed on the east frontage, and the outer decorative surroundings, which, with the complete clearing of the square around the building, will take years.

It stands on the east side of the Koenig-Platz, a stone's throw from the Column of Victory, and covers 11.638 square meters. It has cost 28,700,000 marks to build and equip, of which 18.000,000 only were asked for under the first estimate.

As to the style of architecture it is a special creation of the architect, belonging strictly to no school at all. The building is quadrangular, flanked by four turrets, and bears in the centre part of its roof a cupola made of gilt wrought iron.

after 3 o'clock vesterday afternoon and was given a room. Nothing more was heard from him until 3.30 o'clock last night, when he was suffering severe pains in the stomach.

"I have just taken a Dover's powder," said the old man, "but they never before affected me this way."

An ambulance was summoned. Surgeon Schall diagnosed the case as one of probable strychnine poisoning. He said he got the powder at a drug store on Jay street. He refused to tell where he lived or to give the addresses of friends or relatives. The police are trying to discover if he committed suicide or was the victim of a druggist's mistake.

The two drug stores on Jay street deny that they sold dovers powders or strychnine to anybody answering the old man's description.

When the Commissioner arrived, Mr. Phillips asked for a ruling on his motion to have the specifications amended. Commissioner Linson decided that the specifications could be amended to include the case of George Murray, the pickpocket, and Frederick C. Gedney, ex-President of the North River Bank. Mr. McCurdy protested in vain.

Frederick Hoffman, a Mercer street furrier, whose watch was stolen on Feb. 25, and who had Murray arrested on the charge of being the thief, swore that he identified Murray as the thief, and after calling on Col.
